An Historic Day for Our Little Community

Just like 'the race that stops the nation', Wagstaffe had its own history making on Saturday February 24 when we had... 'the wedding that closed the Store'!!

Family and friends were privileged to help celebrate the first gay wedding in the community, when the Hall was decked out in rainbow flags; superb native flowers graced the stage of the Hall, and a kilted piper piped the happy couple to the verandah where everyone thronged under the marquee, in the Hall and on the verandah to join the festivities and wish Bill Gregor and Ray Bass well for their next 46 years!

This is a couple who has contributed enormously to our community, and to other communities also where they have lived, showing us all how to treat our neighbours and how to live well.

You only have to look around to see the fruits of their labour, in the Hall and past TTs, all the bushcare and gardens they have tended, the friendships they have nurtured, and the example they have given us all in how to live well.

Multiple communities from their past and present lives attended to wish them joy in the future, to celebrate all their achievements, and to reflect on their more difficult road to get that marriage certificate!!

It was a joyous day, and the WTKCA and all the community are grateful for all the community work that they have done both here and elsewhere, and wish them well for the future. Long may their rainbow flourish...

Old Killcare Cellars Refurbishment

As many of you will have seen in the past weeks, Killcare Cellars is undergoing redevelopment. Demolition has commenced and construction will be underway for the next 12 months. While the works are underway, there will be some unavoidable disruptions to traffic, as well as noise and dust generation. However, it is our goal to make these disruptions as minimal as possible. Please contact the project manager, Jacob Tibbits on 0431 308 747, if there are any construction-related issues affecting the community. The shops should be completed by December 2018 and the units are scheduled for completion by Feb 2019, resources and weather permitting.

While you are in the shop, check out what else we have to offer!!

Goong's Kitchen at Hardys Bay Club

On Saturday, 10th March, Goong welcomed many enthusiastic people, both local and from afar, to the official opening of her new Thai restaurant at Hardys Bay Club. The patrons were entertained by an ensemble of instrumentalists playing traditional Thai music with wind, stringed and percussive instruments. The graceful dancers swayed gently to the music. The buffet of delicious Thai food that followed was enjoyed by all. There is a lot to look forward to.

MYSTERY ROCK CARVING

The patterns above, together with around twenty others, differing only in the arrangements of the same three basic components, have been found carved into sandstone in Bouddi National Park. We have no idea of their origins other than that they are likely not Aboriginal.
